1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 15 is rejected under 35 U.S.C. 102(b) as being anticipated by Armstrong et al. '280, who shows a saw in either figure 1 or 3 having all of the recited limitations including four alternately offset teeth (L1,R1,L2,R2), a collinear bend line, inline cutting tips, different pitches, and gullets lower than the bend line..

3. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.
